#1MillionDevs Vibe Coding Hackathon

AI Study Buddy

A patient tutor that explains, quizzes and plans with you.

Support track · Oct 2026 · [Your name]

Studying alone is hard

Confusing notes

Notes don’t explain themselves when you get stuck.

No feedback

You only find the gaps when the exam does.

No plan

Time runs out before revision even starts.

One buddy for the whole study loop

1

Paste your notes

Or just name a topic.

2

Pick a mode

Explain, quiz, summarize or plan.

3

Chat and learn

Short, friendly answers that adapt to you.

Five modes, one chat

Explain

Simple language, an analogy and an example.

Quiz

One question at a time that gets harder.

Summarize

Key points and terms to memorize.

Plan

A day-by-day plan with revision slots.

Stuck

Hints and guiding questions, not spoilers.

Built fast, ready to grow
